

From the Garden

Thank you for your interest in the Goshen Market. From the Garden vendors should ideally grow all, but must grow at least 50% of what they sell. All products must be grown within a 100 mile radius of the Market.

Raw Produce: Fresh, whole, uncut, unprocessed produce that is minimally rinsed to remove visible soil, otherwise unprocessed and not packaged.

Processed Products: Meat, eggs, cheeses, or honey. Must be a product of the vendor. Must be processed in licensed and/or inspected facilities and properly labeled.

Value-added Products: Vendors must also submit a "From the Kitchen Vendor Application identifying "Inspected" or "Cottage Kitchen," and following the appropriate rules.

All products should be grown within a 100 mile radius of the Market. Vendors outside this radius will be considered on a case-by-case basis. Fruits and vegetables sold should be in season.

Application Process

Potential vendors are encouraged to read the **Rules & Regulations**, as well as the **Vendor Agreement** which contains the current year's dates and fee information.

1. Please read the **Rules and Regulations** before filling out forms or calling for more information. There are a number of changes this year.
